Fees and Charges 2020-2021

Shortly before you arrive in College a bill will be sent to your Cambridge email address. This bill must be paid before **Wednesday 14 October** and includes the following elements:

**For Undergraduates:**
- Deposit (see below): ................................................................. £400
- Payment of first Term's Rent (see below): ......................................................... £1,300 to £1,960
  and
- If you are self-funding and/or liable for University Fees at the overseas rate, payment of all Annual Fees (see below) payable to the College and the University.

**For Postgraduates:**
- Deposit (see below): ................................................................. £300
- Payment of first quarter's Rent (see below): ......................................................... £1,859 to £2,743
  and
- (a) If you are self-funding at the Home/EU rate, the first installment of all Annual Fees payable to the College and the University
  or
- (b) If you are self-funding at the Overseas rate, payment of all Annual Fees due to the College and the University

**Further details of the above payments are as follows:**

**The Deposit**
This deposit, which the College requires you to pay, is repayable and will be credited against the final bill in the final year of your course. It is payable by all students including those living out of College accommodation.

**The Rent**
The rent due will depend on the room that you have been allocated. Rooms for first year students are allocated by the College, taking into account where possible their stated preference for a room in one of two general categories. Once your room has been allocated, you will then be told the rent. All the rents are inclusive of heating charges and most of the rooms are centrally heated. Bed linen may be hired for use in College rooms. The Housekeeping Office will provide prices on application, please email for further information. Laundry charges are additional. Student guest rooms may be booked in advance for visitors to Cambridge subject to availability (charge of £35 per night for 2020/21). More expensive Guest Rooms are sometimes available, e.g. for visiting parents. Graduate rents are due on a quarterly basis.
The £9,250 Tuition Fee
The College collects, on behalf of the University, the annual contribution of £9,250 towards the cost of tuition. This fee is due in three installments payable termly in advance on a 25/25/50% basis. For Home and EU students, a tuition fee loan may be taken out for all or part of the amount of the fee, and this amount will be paid directly to the College. The Student Loan Company will issue all students with a document entitled ‘University or College Payment Advice 2020/2021’. Please send us a copy of this document as soon as you receive it, and in any case not later than Friday 28 August 2020 so that you are not billed for the full tuition contribution. Subsequent installments, together with all other items charged to your account during the previous term, including rent payable in advance will be due on Wednesday 20 January 2021 and Wednesday 28 April 2021.

Undergraduate Annual Fees
Those students not in receipt of a tuition fee loan, who are responsible for paying their own University Composition (Tuition) fees at the Home/EU rate are asked to pay to the College by Wednesday 14 October the first of the three installments. Subsequent payments, along with all amounts charged to your account during the previous term will be due on Wednesday 20 January 2021 and on Wednesday 28 April 2021.

Students paying fees at the Overseas rate are also required to pay all University and College fees to the College by Wednesday 14 October as follows:

1. Composition fees (tuition fees). Payable to the University and collected on its behalf by the College. Please see the University Composition Fees document for further information.

2. College Fee. Payable to the College in addition to the above.

| Privately-Funded and Overseas Undergraduate and Affiliated Students | £9,762 |

If you have any doubts about whether you are a Home or Overseas student for University fees purposes, or whether your course counts as an Arts or Science subject, please contact the Tutorial and Admissions Office.

Bank Transfers should be made using the account information stated at the bottom of the bill. Please contact the Bursary for the account details for transfers being made from non-UK bank accounts.

All Cheques should be made payable to Downing College and sent to:

The Cashier, Downing College, Cambridge, CB2 1DQ

Cheques may also be left in the secure box outside the Bursary on B Staircase.
